

KEY SKILLS LEVEL 2

The key skills are the skills which are most commonly needed to succeed in a range of activities - at work, in education and training and in everyday life.

The key skills qualifications are designed to enable the apprentice to progress at their own pace. Each level of the key skill above level 1 incorporates and builds on the previous ones. The key skills qualifications not only recognise the apprentices' current capabilities, they also help the apprentice to identify how they can further improve their skills to meet new demands at higher levels.

PART A

THE APPRENTICE NEEDS TO KNOW HOW TO

This section will tell the apprentice about the techniques and knowledge associated with each key skill. It tells them what they need to learn and practice to feel confident about applying these skills throughout their apprenticeship programme.

PART B

THE APPRENTICE MUST

This section builds on Part A and describes the application of skills. It describes the skills the apprentice must demonstrate in order to achieve the key skill. All of their work for this section will be assessed. They must have evidence to support that they have met the requirements of the key skill.

Application of Number Level 2

To achieve Application of Number at level 2 the apprentice must be able to demonstrate that they:

- Interpreted information from two sources
- Used the information to carry out calculations
- Interpreted the results of their calculations and presented findings

Communication Level 2

To achieve Communication at level 2 the apprentice must be able to demonstrate that they:

- Took part in a group discussion
- Read and summarised at least two documents
- Gave a short talk
- Wrote two types of documents, each giving different information

KEY SKILLS LEVEL 2 CONTINUED
